THE GREAT DISMAL SWAMP.

Of Virginia is a breeding ground of Malaria germs. So is low, wet or marshy ground everywhere. These germs cause weakness, chills and fever, aches in the bones and muscles, and may induce dangerous maladies. But Electric Bitters never fail to destroy them and cure malarial troubles. They will surely prevent typhoid. "We tried many remedies for Malaria and Stomach and Liver troubles," writes John Charleston, of Byesville, O., "but never found anything as good as Electric Bitters." Try them. Only 50c. One can't be too careful with young children. One day last week Mrs. Dover fastened a cork on the tines of a fork and gave it to her little child to play with. The cork became loose and lodged in the child's throat. It could not be drawn out and was pushed down to prevent suffocation. The little one was apparently well at bedtime but in the morning it was found that it had expired

during the night.—Beattyville News.

A DOCTOR'S BAD FLIGHT.

"Two years ago, as a result of a severe cold, I lost my voice," writes Dr. M. L. Scarbrough, of Hebron, Ohio, "then began an obstinate cough. Every remedy known to me as a practicing physician for 35 years, failed, and I daily grew worse. Being urged to try Dr. King's New Discovery for Consumption, Coughs and Colds, I found quick relief, and for last ten days have felt better than for two years." Positively guaranteed for Throat and Lung troubles by C. C. Lum. & Stave Co. 50c and \$1. Trial bottles free.

Frequently it is the loud individual who lands the soft snap.

The possibility of mistakes, duplicate payment and other annoying contingencies are thus reduced to a minimum.

ELEPHANT NEARLY WRECKS A TRAIN.

DISCOVERED IN TIME.

Last night the first section of the Sells-Downs Show train left Covington where the big show exhibited yesterday, for the next stand on the L. and N. R. R. Everything went along smoothly and the trainmen had orders to run about twenty miles per hour. At Glencoe a heavy grade is encountered, and for miles it is a matter of rise and fall on this special piece of road-bed.

CAUSE OF THE TROUBLE.

For many weeks one of the train hands who is stationed on the flat car that precedes the mammoth box in which the elephants are housed, has been in the habit of feeding the celebrated elephant, Nero, with apples and other sweets. As soon as the first section moves this elephant is on the lookout with his trunk protruding through the end of the car for his reward. Last night his apples were not forthcoming and after his patience was exhausted in some manner his trunk managed to clutch the bar that unlocks the Janney Coupler and the train was cut in two. Later the engineer stated he felt his engine leap ahead and the train double its speed. This being unusual going up grade, he decided to investigate when the top was reached.

A WRECK AVERTED.

It turned out to be a very fortunate thing, for had he not done so many lives and thousands of dollars worth of property would have been sacrificed, as the second section was only a few minutes behind. The train men found the last half of the train some two miles back, and had scarcely coupled it on when the brakeman flagged the second section, which was thundering along not half a mile from the rear of the first train. Mr. Sells on hearing of the accident and the prompt efforts of the engineer and crew, ordered his treasure to properly reward the men for their vigilance. Had the accident not been discovered the loss of life and money would have been great and the people of Frankfort might have been disappointed.

The elephant will no doubt in the future miss his dainty feast, but the great Sells and Downs Show will exhibit as advertised in Clay City Saturday, May the 3rd.

A dead sure way to get poor is to try to get rich right fast.

DEAFNESS CANNOT BE CURED.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that can not be cured by Hall's Catarrh Cure. Send for circulars, free.

ALL CASES OF DEAFNESS OR HARD HEARING ARE NOW CURABLE

by our new invention. Only those born deaf are incurable.

HEAD NOISES CEASE IMMEDIATELY. F. A. WERMAN, OF BALTIMORE, SAYS:

Gentlemen:—Being entirely cured of deafness, thanks to your treatment, I will now give you a full history of my case, to be used at your discretion. About five years ago my right ear began to ring, and this kept on getting worse, until I lost my hearing in this ear entirely. I underwent a treatment for catarrh, for three months, without any success, consulted a number of physicians, among others, the most eminent ear specialist of this city, who told me that only an operation could help me, and even that only temporarily, that the head noises would then cease, but the hearing in the affected ear would be lost forever. I then saw your advertisement accidentally in a New York paper, and ordered your treatment. After I had used it only a few days according to your directions, the noises ceased, and to-day, after five weeks, my hearing in the diseased ear has been entirely restored. I thank you heartily and beg to remain Very truly yours, F. A. WERMAN, 730 S. Broadway, Baltimore, Md.

Our treatment does not interfere with your usual occupation. Examination and advice free. YOU CAN CURE YOURSELF AT HOME at a nominal cost. INTERNATIONAL AURAL CLINIC, 596 LA SALLE AVE., CHICAGO, ILL.

This paper might be filled with items like the following, and every one be the absolute truth. I had rheumatism for years and tried almost everything, but got no permanent relief until I used Chamberlain's Pain Balm, three bottles of which cured me. It is the best medicine I ever used.—Philip E. Rhoads, Pennsville, Mo. Pain Balm is for sale by all dealers in patent medicines.

Union Sunday school was organized at Virden Sunday. G. D. Cooke was elected Superintendent, W. M. Patton, as't Superintendent and C. C. Curtis, sec'y.

"A neighbor ran in with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy when my son was suffering with severe cramps and was given up as beyond hope by my regular physician, who stands high in his profession. After administering three doses of it, my son regained consciousness and recovered entirely within twenty-four hours," says Mrs. Mary Haller, of Mt. Crawford, Va. This Remedy is for sale by all dealers in patent medicine.

We thought Christmas was over but, judging from the way the boys are firing their cannon crackers on the streets at all hours during the day, they must think differently.

BETTER THAN PILLS.

The question has been asked, "In what way are Chamberlain's Stomach & Liver Tablets superior to pills?" Our answer is: They are easier and more pleasant to take, more mild and gentle in effect and more reliable as they can always be depended upon. Then they cleanse and invigorate the stomach and leave the bowels in a natural condition, while pills are more harsh in effect and their use is often followed by constipation. For sale by all dealers in patent medicines.

Good for Rheumatism.

Last fall I was taken with a very severe attack of muscular rheumatism which caused me great pain and annoyance. After trying several prescriptions and rheumatic cures, I decided to use Chamberlain's Pain Balm, which I had seen advertised in the South Jerseyman. After two applications of this Remedy I was much better, and after using one bottle, was completely cured.—Sallie Harris, Salem, N. J. For sale by all dealers in patent medicine.

That our business is growing may be shown by the fact that this week's business exceeds that of both the months of November and December. People will learn by experience that good work at reasonable prices is far better than inferior work at any price. We do the former kind. When you want any thing printed, see the TIMES office.

Death of T. J. Scott.

Judge Thomas J. Scott died at his home in Richmond Saturday, aged sixty years. He had been in bad health for some time, and his death was not wholly unexpected. He leaves a wife but no children. The funeral and burial was held Monday afternoon at Richmond and a large number attended. He was elected the first circuit judge of this the 25th district after its formation and was reelected for a second term, and was serving this term at his death.

Pastor Pence was taken by surprise Tuesday night when a donation of fully \$15 worth of the necessities of life and cash were tendered him by his church at this place.

A VALUABLE MEDICINE.

For Coughs and Colds in Children.

"I have not the slightest hesitancy in recommending Chamberlain's Cough Remedy to all who are suffering from coughs or cold," says Chas. M. Cramer, Esq., a well known watch maker, of Colombo, Ceylon. "It has been some two years since the City Dispensary first called my attention to this valuable medicine and I have repeatedly used it and it has always been beneficial. It has cured me quickly of all chest colds. It is especially effective for children and seldom takes more than one bottle to cure them of hoarseness. I have persuaded many to try this valuable medicine, and they are all as well pleased as myself over the results." For sale by all dealers in patent medicine.

of So. Glen Falls, N. Y., describes a condition which thousands of men and women find identical with theirs. Read what he says, and note the similarity of your own case. Write to him, enclosing stamped addressed envelope for reply, and get a personal corroboration of what is here given. He says regarding

Dr. Miles' Heart Cure:

"I suffered agonizing pain in the left breast and between my shoulders from heart trouble. My heart would palpitate, flutter, then skip beats, until I could no longer lie in bed. Night after night I walked the floor, for to lie down would have meant sudden death. My condition seemed almost hopeless when I began taking Dr. Miles' Heart Cure, but it helped me from the first. Later I took Dr. Miles' Nervine with the Heart Cure and the effect was astonishing. I earnestly implore similar sufferers to give these remedies a trial."

Some Don'ts For the Sick Room

Never whisper, it excites the sick ones curiosity and will sometimes make them restless and uneasy. Never oh never stand over a real sick person and with a sad look and a graveyard voice and say, "Do you know me?" This has happened in our practice a number of times and being a professor of religion has kept us from committing a justifiable homicide. Don't recite death-bed scenes. Let your conversation be of a pleasant sunny nature. A patient was suffering from ascites or abdominal dropsy. An old woman "root and yare" doctor was called in. She said: "Well there is just two kinds of dropsy, one kills and the other doesn't and I do believe this gal has got the killing kind." Quit a consoling thought for a poor afflicted girl. It required the combined effort of several strong men and a deputy sheriff to keep us from providing a subject for funeral and burial purpose. Don't go in groups to spend Sunday with the sick. The sick needs the Sabbath for rest as well as you do. Sometimes we find our patients worse Sunday afternoon or Monday morning. "Too much company yesterday" is often the explanation and in many instances is the real cause. When you go to see the sick don't wait to "hit the camp" at meal time, the family is to busy waiting on the sick to entertain and cook for visitors. Some people visit the sick through idle curiosity, some go just to be in company and to get away from home. In some sections of the United States women gather around the sick bed to gossip and hold "high carnival." We are hurried away and will finish our article on "Don'ts for the sick room" later.—Dr. J. A. Snowden in Winchester Sentinel.

A man is worth to himself just what he is capable of enjoying. This means the utmost enlargement of his capacity. He is worth to the world just what he is capable of imparting, and this means the utmost development of every power. These two, capacity and power, form the truest standard, the most accurate measure, of every man.

It is possible for a man to give himself away and still not be at all liberal.
